INGEKOMEN 12 MEI 1983

May 11, 1983

Dear Mr. Weidmann,

I thank you for your letter of May 3rd.
In answer to your question about Dr. Cahill,
being a child 9 or 10 yrs. of age at the time,
I didn't have occasion for many personal
contacts with him. However, my recollection is
that he was a friendly sort. His taking the trouble
to give us all a ride in his automobile (a rare
thing at the time) and taking our mother + the
younger children to stay at his house, during
the move to New York, pretty well attests to that.

There is no urgency about returning the
material I loaned you. I'm sure you will do
so as soon as you get caught up. Just one
thing however. My mother's "Baby Book" as she
called it, with what she considered cute sayings,
or doings, of her various children, can be of no
value for your project except for verification
of the dates relative to the move from Holyoke
to N.Y. City. Perhaps you might record said
dates + return that sooner. My children value
it as an heirloom.

Sincerely yours
James E. Pierce
