## NEW PLANT FOR HOLYOKE

**Cahill Electrical Music Machinery Co.  
to Build**

Holyoke, June 3—Thaddeus Cahill, the electrical music machinery manufacturer, is planning to erect a plant, and decision as to location and capacity has about been reached. The concern is now located in the Crocker-McElwain mill in Cabot street. The new plant will mean more for Holyoke than the size of the mill would indicate, for the highest grade of skilled mechanics will be employed.

The Cahill electric music plant located in Holyoke about seven years ago and met with success from the very start. It is hoped to have the new plant in operation with the close of the year.
